

The Investment Specialists

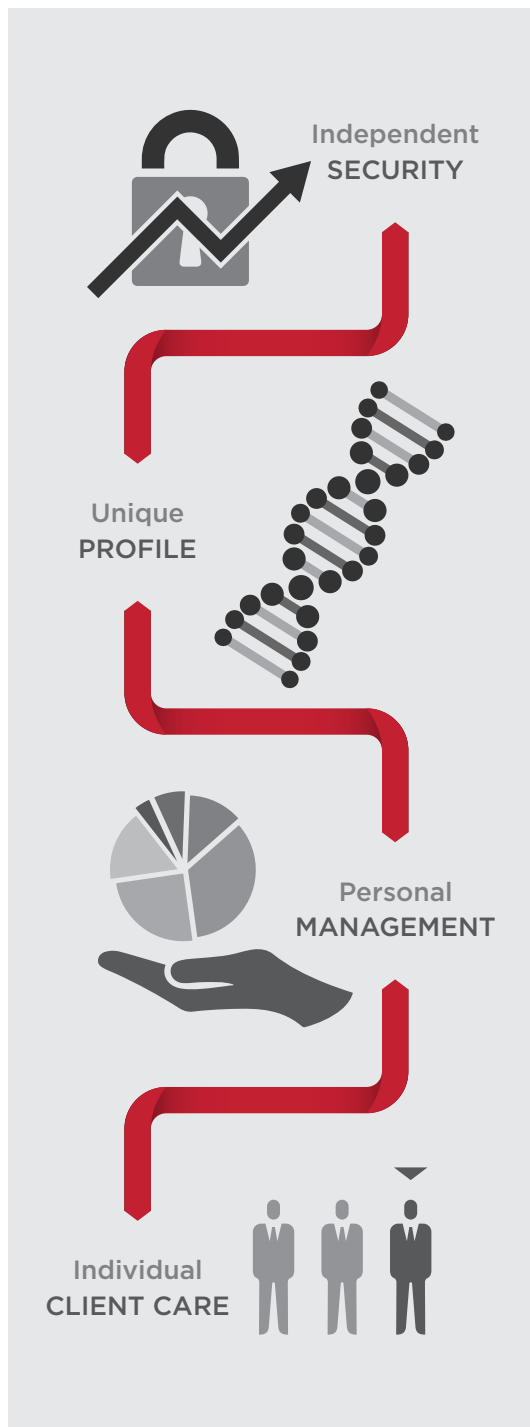

**Building capital and securing
income, today and for the future.**

INVEST | FUNDS | OFFSHORE | TRUST

Warwick Invest ensures that all of your investment needs, at 'The Investment Specialists', are met today while also protecting your future. Because wise investment, like life itself, is a marathon not a sprint.

Offering asset management designed to meet the needs of Warwick Wealth's target market, an experienced and qualified team construct the models utilised within the bespoke personal share portfolios (PSP's) managed by Warwick Invest.

Capital protection and income generation are the core principles required to ensure client needs are met. Extensive independent, as well as in house, research is conducted, on all relevant stocks and sectors. The results are then utilised by the team to ensure that all expectations are met in the medium to long-term.

Warwick Invest, never holds your assets, rather major independent third party deposit-taking institutions are utilised, thereby giving the client additional protection. Peace of mind is an important criterion at Warwick Wealth and the security of the client's assets is paramount.

This investment professionalism is coupled with Warwick Wealth's exceptional client care, service and compliance. Together, this ensures that the clients' needs, security and returns are optimised during every stage of this long-term working relationship.
